

UNIVERSITY HOUSING FRESHMEN RESIDENCY REQUIREMENT EXEMPTION REQUEST FORM

- National research has shown that academic success in the first year and beyond is directly linked to residing in an on-campus residence environment. The University of Arkansas recognizes the benefits students receive from living on campus their first year. Therefore, all single students who are admitted to the University with a freshmen classification, under twenty-one (21) years of age are required to live on campus in a residence hall, or in their parent or legal guardian’s permanent home.
- Requests for a newly admitted freshmen to live somewhere other than with parents or a legal guardian in their permanent home are not likely to be approved under most circumstances.
- Students requesting an exemption from the University of Arkansas Freshmen Residency Requirement should send all required paperwork to University Housing at least three weeks prior to attending an orientation session to ensure the student receives approval or denial prior to attending orientation. Failure to do so could cause long delays in the orientation process. Send required paperwork to:
