

**Managed Greek Facility  
Safety Addendum 2020-2021**

I understand that the following University Housing Safety rules and regulations are included as an addendum to the Greek Contract for Room and Board Accommodations. By initialing each item, I signify my understanding of each requirement, the fact that each requirement is included to safeguard the safety and security of myself and others, and that failure to abide by these rules may lead to sanctions including, but not limited to, immediate reassignment to another residential facility or immediate removal from the Greek Facility and/or termination of my room contract.

**Please read and initial each item.**

1. The following items are not permitted in student rooms or anywhere in a Greek managed facility: halogen-bulb lamps, individual space heaters, air conditioners, fireworks, electronic skateboards, firearms and other weapons, paintball guns/markers, ammunition, illegal possession and/or use of alcoholic beverages, possession and/or illegal use of drugs or drug paraphernalia. Candles, incense, and other similar items are not permitted, even if they are not lit.

2. Cooking appliances (with the exception of microwave ovens, coffee makers, hot pots, crock pots, rice cookers/steamers and popcorn poppers with unexposed elements) may not be used or stored in student rooms. Due to increased risk of fire, this prohibition extends to any type of induction heating device. University Housing reserves the right to remove unauthorized and/or dangerous appliances.

4. Building ledges are not balconies. Students and their guests are completely prohibited from accessing building ledges or roofs, walking or sitting on ledges or roofs or being on ledges or roofs for any reason, except as directed by emergency personnel. Throwing or hanging objects from the window or ledge and the removal of window screens is also prohibited.

7. Pets (for example, dogs, cats, birds, caged rodents, and reptiles) are not permitted at or in Greek managed facilities, with the exception of small, harmless fish. Guests may not bring cats, dogs or other pets to the area while visiting. This does not apply to service or assistance animals that have been approved through University Housing and the Center for Educational Access for students with disabilities.

9. Covering or impeding the operation of smoke detector heads, hanging items from sprinkler heads, smoking tobacco or other substances, vaping, burning candles or incense or interfering in any way with any life safety and/or security equipment, including fire extinguishers, CCTV cameras, or proximity readers, is not allowed. A \$500 charge is applied for students tampering with life safety equipment.

10. No modifications are to be made of the facility or systems. Construction of lofts or anchoring of furniture/equipment into walls/ceilings/floors is prohibited. University policy does not permit residents to construct their own bed lofts or bunks for use in residence rooms. Attempting to bunk or loft your bed without the proper equipment and parts may place you at risk of severe injury and is not allowed. If desired, I understand that I have the opportunity, at my sole discretion, to request and receive bed guardrails for use on my bed frame. I understand the choice to use bed guardrails (whether the bed frame is on the floor, lofted, or bunked) rests solely with me. If I decline to choose bed guardrails, I acknowledge and accept the increased risks that may result from falling or getting trapped by the bedframe, including but not limited to severe injury or death. Additionally, the use of cinder blocks, bricks, wood blocks, PVC pipe, etc., to raise beds is strictly prohibited. Only commercially sold bed risers specifically designed for this purpose may be used.
